- ✓ Recreational boating

Extra strong with  
PE foam layer

## Whaly 500R / 500R80 Professional

The Whaly 500R / 500R80 Professional is an incredibly robust, double-walled boat manufactured from high-grade Polyethylene – it's almost unsinkable and indestructible. The R-versions are even stronger and have a foam layer on the interior, making it the preferred choice for professional use as a workboat, though it is very suitable for rescue operations too. Furthermore, the Whaly 500R80 Professional has an additional option: an engine with 80hp – very handy when speed is of the essence.

This boat is low-maintenance and is produced in 100% colour-fast Polyethylene.

**The specifications will certainly convince you of its quality.**

EC type Certificate; Assessed according to Directive 2013/53/EU and meets all applicable essential safety requirements.

**Whaly 500R / 500R80 Professional**

**Polyethylene Boats**

Made in The Netherlands
